

Welcome to Club Supercar for Corporate Entertainment

We are experts in Motosport events and countryside drives.

Giving your best clients or top employees a unique experience is known to be the most efficient way to create business relationships.

Corporate Entertainment & Employee Motivation

Go a step further by:

Giving your best clients or top employees a unique experience is known to be the most efficient way to create even better business relationships.

The costs are easily recovered by the long term value of a strong client relationship or a motivated and grateful employee.

We have a wide range of exciting events that are sure to appeal to everyone.

- VIP experience at Formula 1 Grand Prix
- Exhilarating Speed experience and out of the ordinary activities
- A Supercar drive combined with fine dining or wine tasting in selective countries of your choice
- You can arrive at selected events in your own Supercar or use one of Club Supercar cars in combination with a Club event
- A chance to drive a prototype race car on the popular race tracks

We can tailor-make the event to include your preferred professional element, giving you the option to promote your product or services in a naturally integrated manner. We can also provide external speakers on subjects such as motivation or general business strategy, and of course speakers on motor racing subjects.

Are you a decision maker?

You are invited! Club Supercar would like to invite you to try one of our unique supercar countryside drives for free, so you can experience first hand the same thrill as your clients and employees will enjoy.

We drive along beautiful country roads, in Ferraris, Aston Martins and other supercars, finishing off with a luxury dinner among other car enthusiasts.

In order to qualify for this FREE drive you must be an Event manager or a decision maker in a company where Team-building and Reward programmes are offered or just in the position where your choice is final.
